

Enhanced Version UV Printer FB P-6090

Supports three printing modes, Multifunction printer

- A4 photo printing speed: Normal mode (59 seconds), Standard mode (2 minutes) Premium mode (4 minutes)
- Nozzle with automatic cleaning/manual cleaning function, white ink circulation mixing + periodic flash spray, lifting ink stack moisturizing
- Full automatic negative pressure system with Ink absorption function
- Double steel plate honeycomb type double valve partition adsorption platform (3.5cm thickened), intelligent automatic height limit

Specification

Model	FB P-6090	
Print Head	Epson i3200/RicohG5I	
Print Length	60*90cm	
Print Height	0-200mm	
Number of nozzles	2-3pcs	
Print Speed	6pass/8pass	
Print Color	CMYK+W+V	
Print Precision	720/1440/2880/5760dpi	
Printing technology	Variable Ink Drop Technology	
Cleaning System	Automatic/manual	
Print direction	One way/two way	
Picture Format	jgp,png,bmp,eps,pdf,etc	
RIP Software	RIIN	
Ink Type	UV Ink	
Operating System	Microsoft Windows 7、 8、 10	
Temperature	20 °C - 30 °C	
Humidity	20%-30%RH	
Power	AC220V/110 50-60HZ	
Weight	190KG	
Dimensions(mm)	1700mm*1370mm*760mm	
Printing Platform	Toughened glass, alloy suction platform (optional)	
Transmission Mode	X axis single guide + motor/Y axis double guide + motor	
Automatic Lifting	Automatic induction lifting	
Ink Supply Mode	Siphon or negative pressure ink supply system (optional)	
Curing System	LED UV Lamp	
Sprinkler Protection	Manual collision avoidance	
Height Control	Manual adjustment	
Special effect	Relief/Varnish	
Servo motor	High precision motor	
Ink antifreeze	Heating system (optional)	
Color output	CMYK+W+V full color output	
Interface mode	High-speed USB /gigabit network card	
Automatic mode	Fully automatic repeated printing	
Printing media	phone case/leather/acrylic/glass/wood /PVC card metal plate /PP/PE/ fabric/cylinder/wine bottle, etc
